

Needs your help!

Team Mental Health Services in Southgate has seen an increase in the need for food items over the past couple months. We have decided to open a food pantry that will be available for emergency food items until we can take our clients to a food bank. We are asking for your help...in order to start the food pantry, we are in need of non-perishable donations. We will come to you to pick them up all you have to do is let us know when they are available. We will also have a drop box at our clinic. The target date for our food pantry to open is November 1st. With your help and the help of the community, our consumers will be able to have a meal to eat.
