

Hello, my name is Marvin Bradley and I own my own business, "Marvelous Marvin's Coffee Shoppe". I used to work in a workshop program but now I make my own money and I am my own boss. I talked to Kim and Marie at STEP and they helped me get a loan to help buy my coffee machine. I began my business on my birthday, May 3, 2004 and I am almost finished paying for my machine. I have people who help me with my machine and I am thinking about getting a truck.

I like being my own boss and would like to buy another machine to put in a businesses or clubhouse. People can buy coffee, tea, and hot chocolate at Marvelous Marvin's Coffee Shoppe. My prices are great and people are buying allot of my coffee. I put some money in the bank to save and what's left I spend. I love how I feel making my own money and buying my own clothes and stuff like that. Contact me at 734 261 7530 ext 307.
